Birdathon Pro-Tip #2

Enter your species!

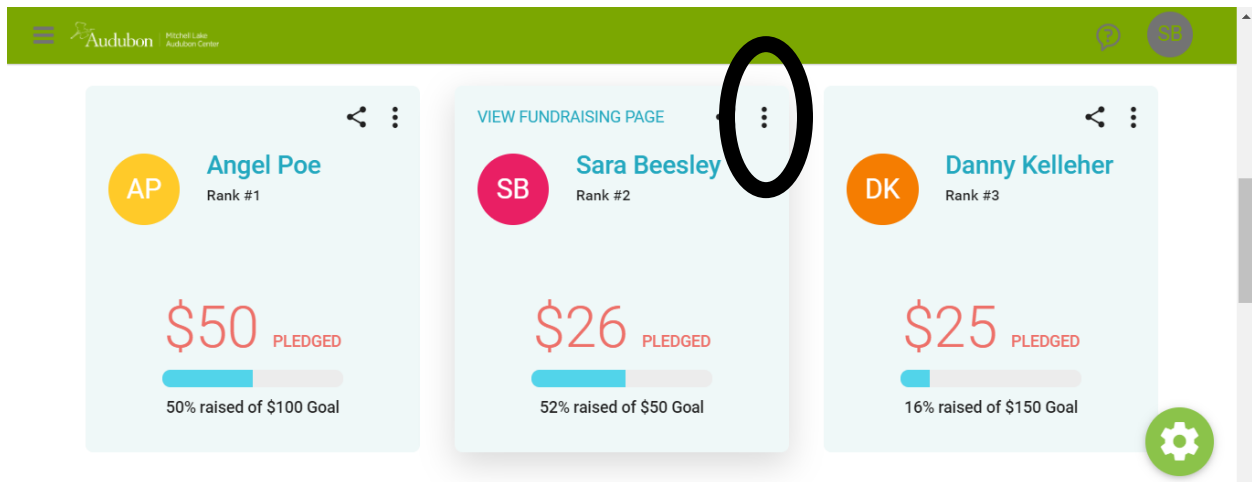

To access is, go to the Birdathon RallyUp Fundraising Page:

<https://mitchelllakeauduboncenter.rallyup.com/birdathon2021>

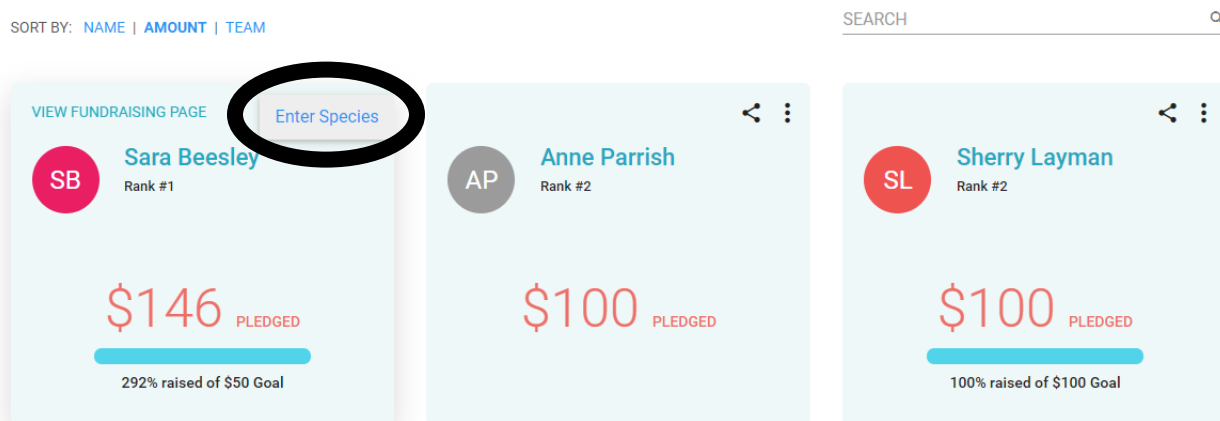

From there, click on “Birders” tab.

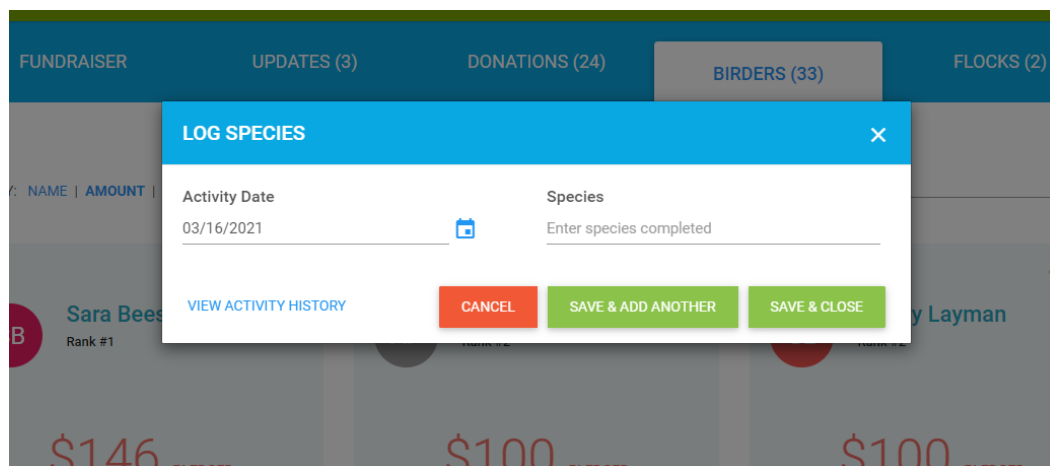

Find your name and hover over the three dots on the top right of the box

Click on the three dots and an “Enter Species” button will appear – click on that.

The Log Box will appear – you can enter the number of species seen for each day you are birding. Remember to only include new species – do not repeat species.
